

General subjects

Subject/module	Module	Type of activity	Ects
Communication science and psychology	Psychology and sociology	A	3
	Ethics and deontology	A	2
	Medical communication	A	2
Biology, biochemistry, and medical genetics	Biology and genetics	A	6
	Biochemistry	A	6
Dental anatomy and morphology	Anatomy	A	5
Chemistry and Biophysics	Organic Chemistry	A	3
	General and inorganic chemistry	A	3
	Biophysics	A	6
Ethics and deontology	Ethics and deontology	A	3
	Ethics in dentistry	A	3
Forensic medicine	Forensic medicine	A	3
Microbiology	Microbiology	A	5
Public health and Epidemiology	Public health	A	3
	Epidemiology	A	3
Elective items	History of dentistry/health management	A	4
<b>Total ECTS (20%)</b>			<b>60</b>

Characteristic subject

Subject/module	Module	Type of Activity	ECTS
----------------	--------	------------------	------

Dental anatomy and morphology	Dental morphology	B	5
Knowledge of dental materials	Knowledge of dental materials	B	4
Preventive dentistry and preclinical therapy	Preventive dentistry	B	3
Preventive dentistry and preclinical therapy	Preclinical therapy	B	5
Prosthetic I	Prosthetic I	B	6
Laser and digital dentistry	Laser in dentistry	B	4
Laser and digital dentistry	digital dentistry	B	4
Radiology and Oral Diagnosis	Oral Diagnosis	B	3
Radiology and Oral Diagnosis	Oral Radiology	B	3
Prosthetics II	Prosthetics II	B	10
Endodontic I	Endodontic	B	8
Conservative Dentistry I	Conservative Dentistry I	B	8
Anesthesia and Oral Pharmacology	Oral Anesthesia	B	2
Periodontology I	Periodontology I	B	8
Pediatric Dentistry I	Pediatric Dentistry I	B	8
Orthodontics I	Orthodontics I	B	8
Prosthetic III	Prosthetic III	B	10
Oro-maxillo-facial surgery I	Oro-maxillo-facial surgery I	B	6
Implantology	Implantology	B	4
Conservative dentistry II	Conservative dentistry II	B	8
Periodontology II	Periodontology II	B	8
Pediatric dentistry II	Pediatric dentistry II	B	8
Orthodontics II	Orthodontics II	B	8
Oro-maxillo-facial surgery II	Oro-maxillo-facial surgery II	B	8
Endodontic II	Endodontic II	B	8

Conservative dentistry III	Conservative dentistry III	B	8
<b>Total ECTS (55%)</b>			<b>165</b>

#### Interdisciplinary/characteristic subject

Subject/module	Module	Type of Activity	ECTS
Hygiene and dental health care	Hygiene and dental health care	C	3
Physiology	Physiology	C	8
Histology	Histology	C	8
Pharmacology	Pharmacology	C	9
Elective subject	Communication in dentistry	C	2
Dermatology and oral lesions	Dermatology and oral lesions	C	2
Internal and infectious diseases	Internal and infectious diseases	C	4
Psychiatry and Neurology	Psychiatry and Neurology	C	3
Medical Emergencies in Dentistry	Medical Emergencies in Dentistry	C	4
Dentistry in the community	Dentistry in the community	C	3
<b>Total ECTS (15%)</b>			<b>46</b>

#### Complementary subject

Subject/module	Module	Type of Activity	ECTS
Foreign scientific language	English medical terminology	D	3
Foreign scientific language	English medical terminology	D	3
Biostatistics & Medical Informatics	Biostatistics	D	3
Biostatistics & Medical Informatics	Medical Informatics	D	3
Anesthesia and Oral Pharmacology	Oral Pharmacology	D	3

Oral diseases and pathologies	Oral diseases and pathologies	D	4
<b>Total ECTS (6%)</b>			<b>19</b>
