

2023 - 2024

## Integrated Program in Architecture (5 academic years)

The Master of Science in Architecture at Barleti University is an integrated second-cycle study program that aims to prepare architects with in-depth theoretical and practical knowledge to fully engage in the process of designing and implementing a project. The academic offer, based on market needs and professional characteristics, shapes future architects with profound skills in the field of architecture as well as in related sectors such as urban development, sustainable spaces, design, and research. This program is completed over a regular duration of 5 academic years, comprising 300 credits, following UNIBA's curriculum plan.

Architectural Design/ Environmental Transformation / Design / New Landscapes / Ecology
